

Q1)

02)

③

start

enter i/p

i = 1   fact = 1

→  $i \leq n$

$i = i + 1$

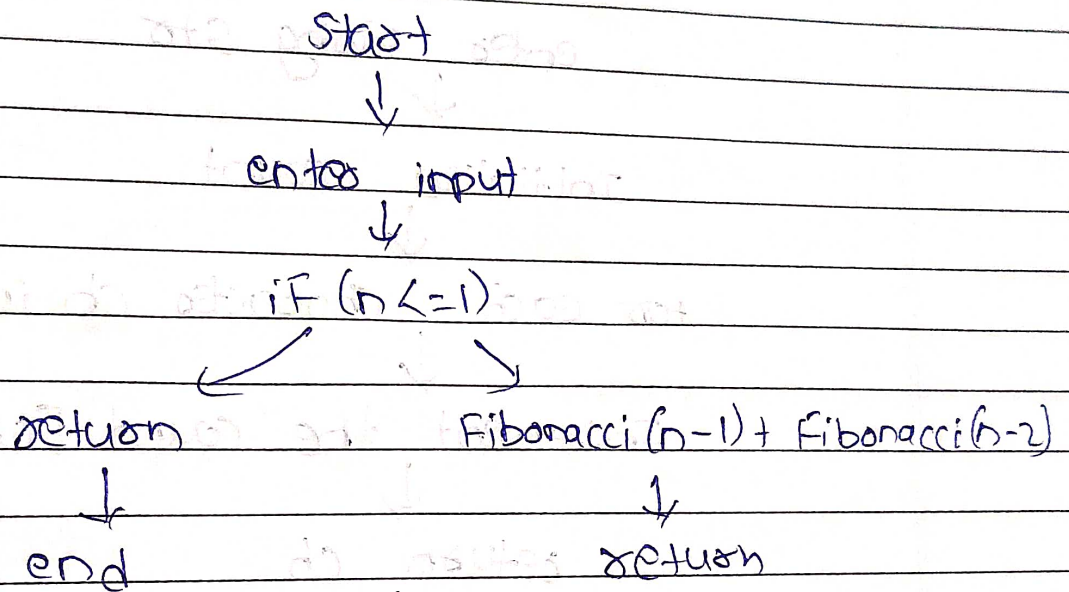

fact = fact \* i

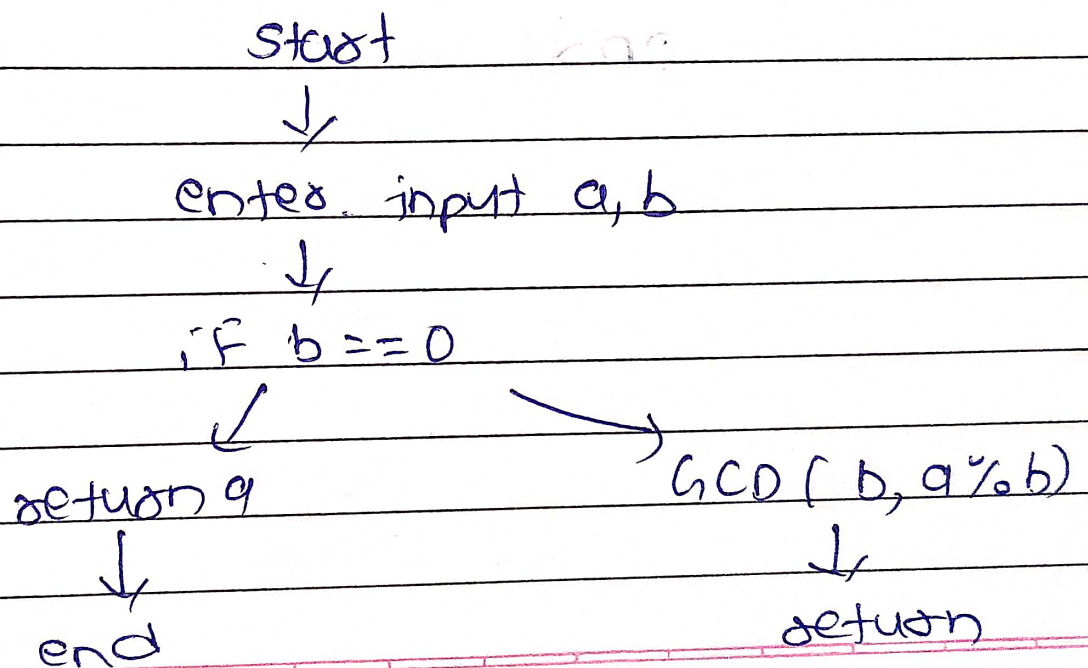

print fact

(9)

5)

Q6)

Start

↓  
enter input

Squareroot (input)

For loop to iterate from 0 to num-1

if ( $i * i = \text{num}$ )

↓

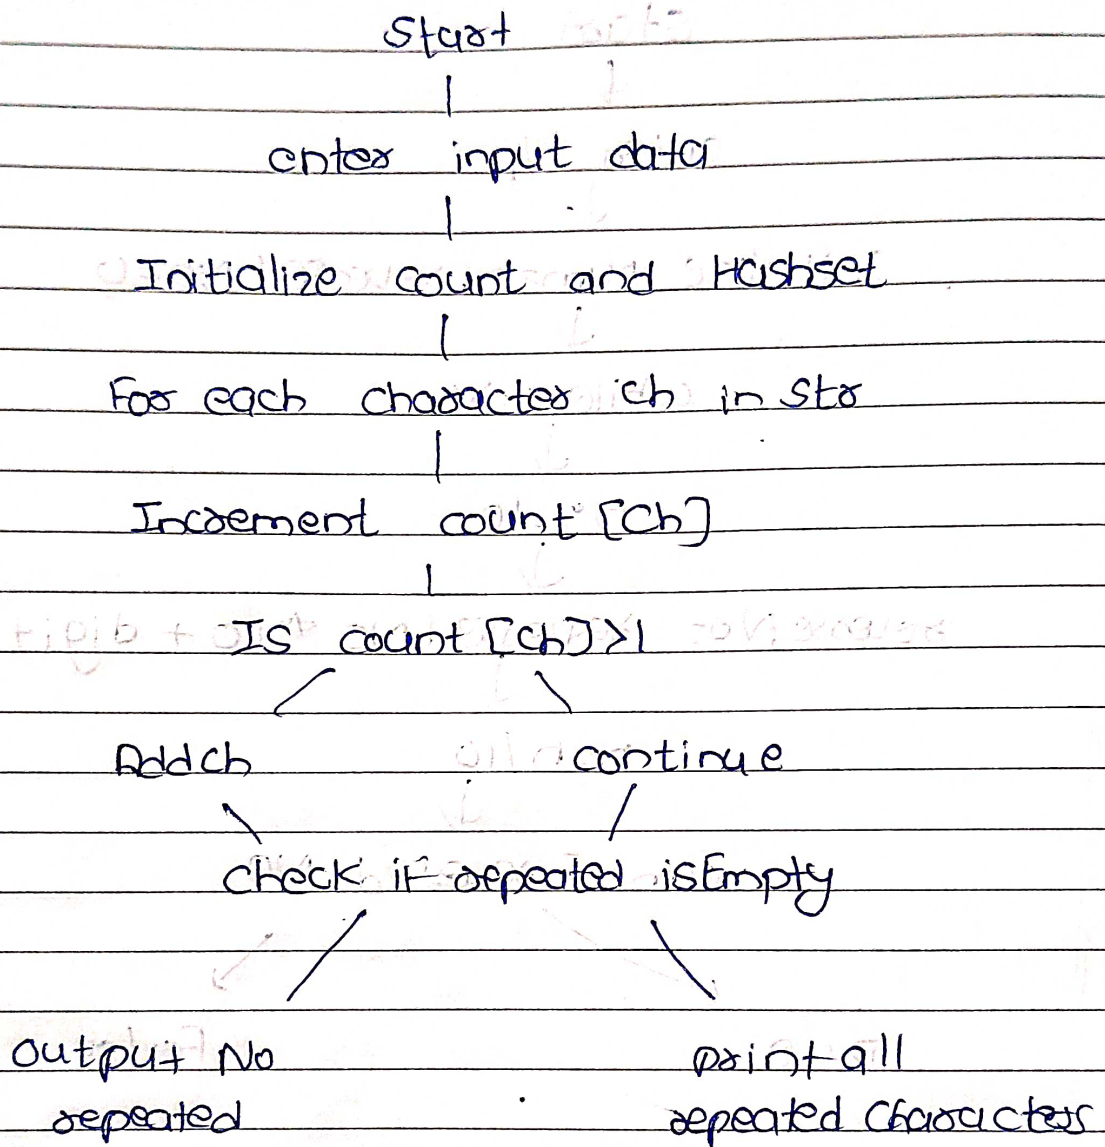

return i;

else

return 0;

07)

9)8

Start

enter string str

Initialize count

for each character ch in str

Increment the count [ch]

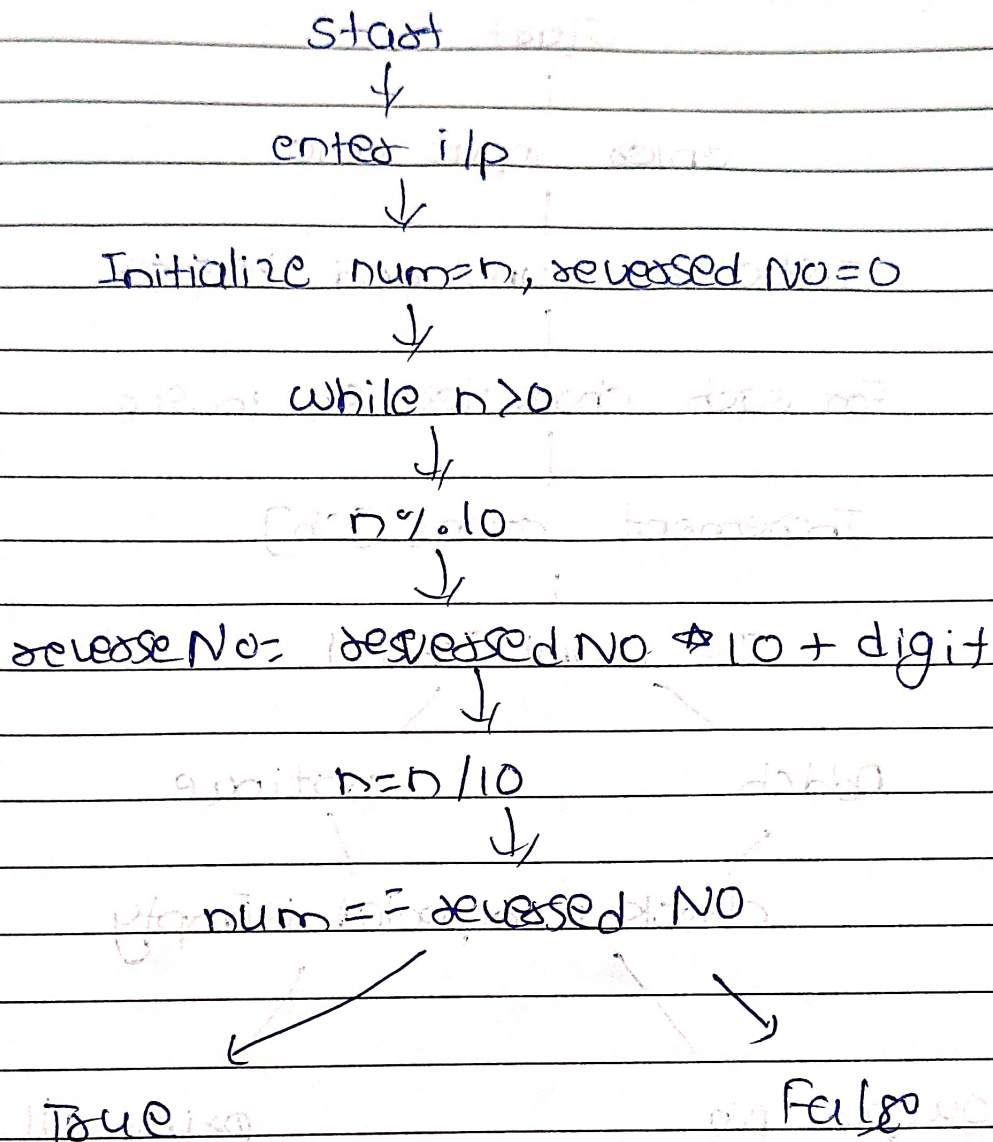

return ch

end

89)

010>

Start

Hint?

enter, ilp

if(year % 4 == 0)

if(year % 100 != 0)

if(year % 400 == 0)

return

true

return

false.
